Vehicle Details
Drivers searching for a stylish, low-mileage pre-owned SUV in Omaha, NE will want to see this 2026 Honda HR-V EX-L. With only 2,810 miles, this Honda HR-V offers the fresh feel of a nearly new vehicle while delivering the practicality, comfort, and versatility today's shoppers want. Powered by a 4-cylinder, 2.0L gasoline engine, it provides responsive performance for commuting, errands, and weekend travel. The EX-L trim adds premium touches throughout the cabin, including leather seats, automatic climate control, and hands-free Bluetooth for easy connectivity on the road. Stay connected and entertained with Android Auto, making it simple to access navigation, music, calls, and apps from your compatible smartphone. Remote Start adds convenience on cold Nebraska mornings or hot summer afternoons. This pre-owned Honda HR-V is a smart choice for buyers looking for a compact SUV with upscale features, low mileage, and modern technology. Its versatile interior, refined styling, and trusted Honda engineering make it a standout option for drivers who want value and confidence in one package. Visit us in Omaha, NE today to take a closer look and experience this 2026 Honda HR-V EX-L for yourself. Schedule your test drive today and see why this low-mileage Honda HR-V is a great fit for your daily drive in any season.

Equipment
Never get into a cold vehicle again with the remote start feature on this small suv. This model's Forward Collision Warning feature alerts drivers to potential front-end collisions. This small suv keeps you comfortable with Auto Climate. See what's behind you with the back up camera on the Honda HR-V. Apple CarPlay: Seamless smartphone integration for the vehicle - stay connected and entertained on the go! The vehicle has automated speed control that adjusts to maintain a safe following distance, enhancing highway driving convenience. The leather seats in the vehicle are a must for buyers looking for comfort, durability, and style. The vehicle offers Android Auto for seamless smartphone integration. Bluetooth technology is built into this vehicle, keeping your hands on the steering wheel and your focus on the road. The rear parking assist technology on this model will put you at ease when reversing. The system alerts you as you get closer to an obstruction.
